ABOUT US

Eco Essentials is a UK-based company providing premium, eco-friendly solutions for businesses.

We understand that businesses are increasingly looking for ways to operate more sustainably. Eco-Essentials bamboo wipes offer a fantastic opportunity to do just that, without compromising quality or user experience.

We are passionate about ensuring our planet is greener for future generations. Our products are made from sustainable resources for a sustainable future.

Biodegradable & Sustainable Resource

“Bamboo is biodegradable and 100% compostable. Bamboo releases 35% more oxygen into the atmosphere than the same volume of trees”
